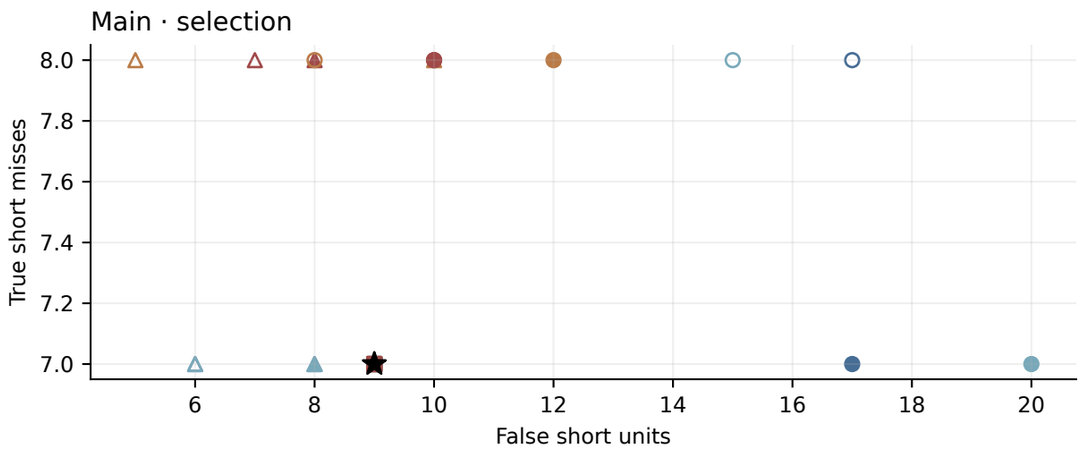
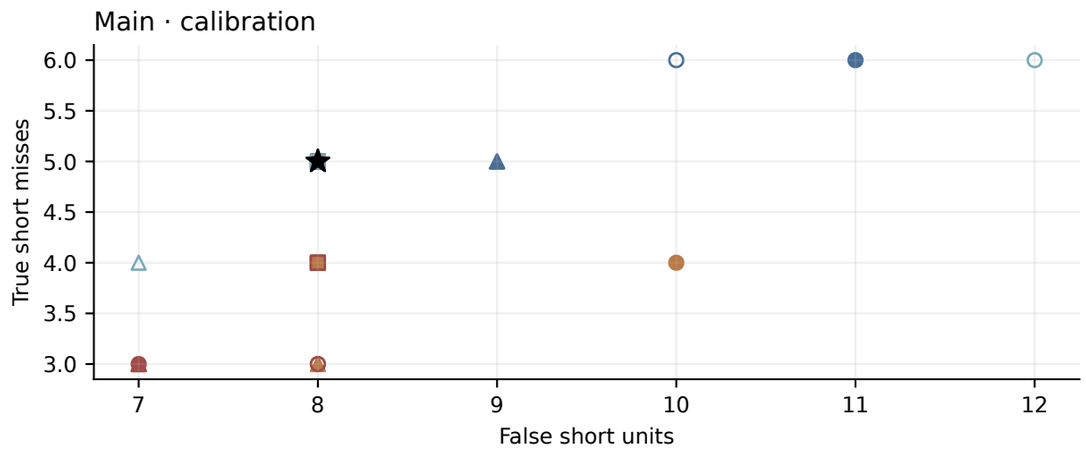
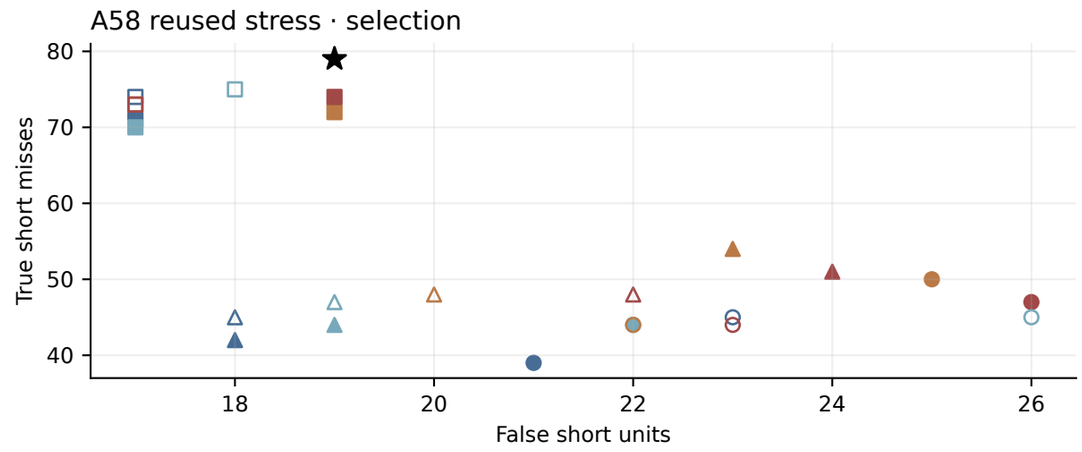
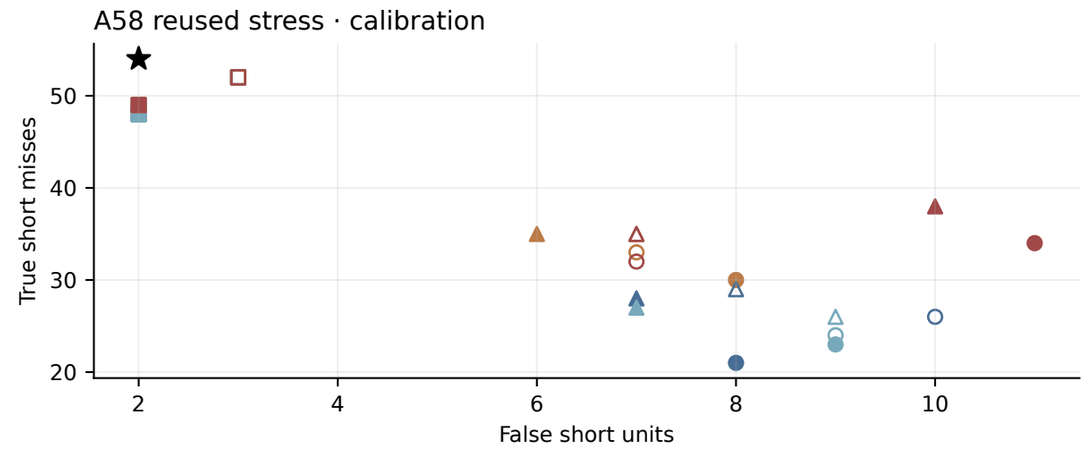
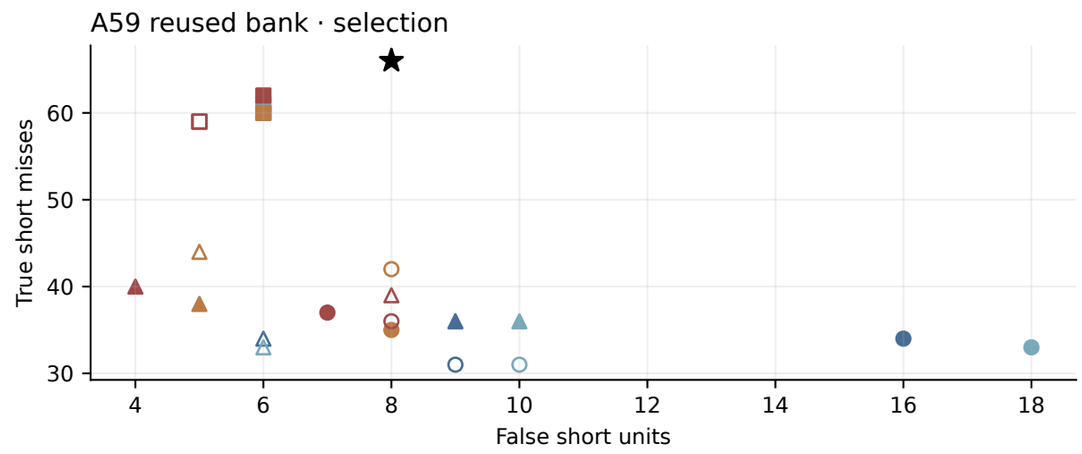
A61 short recovery versus false alarms: every fixed policy

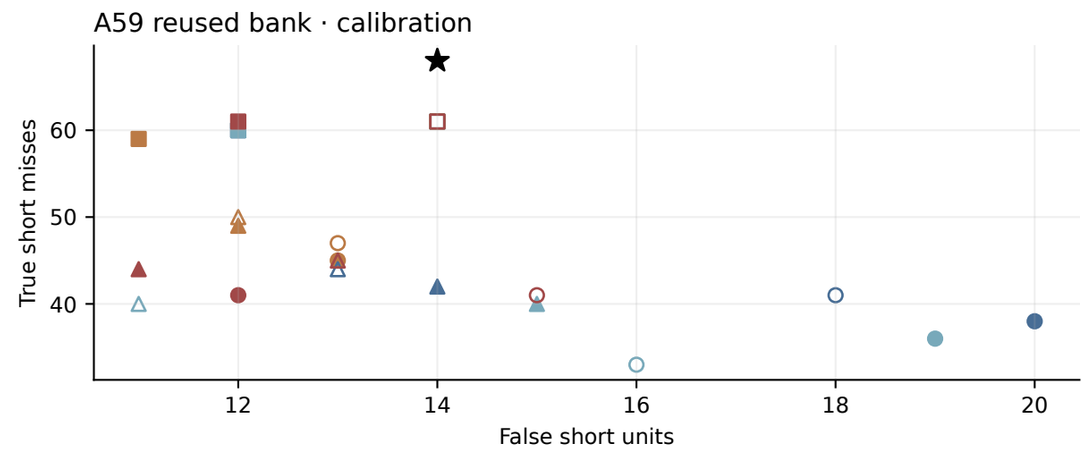


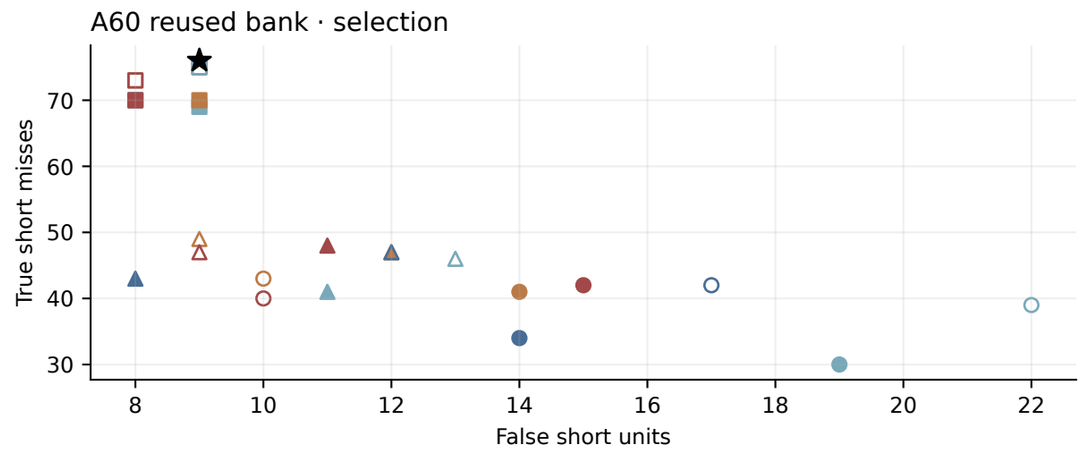


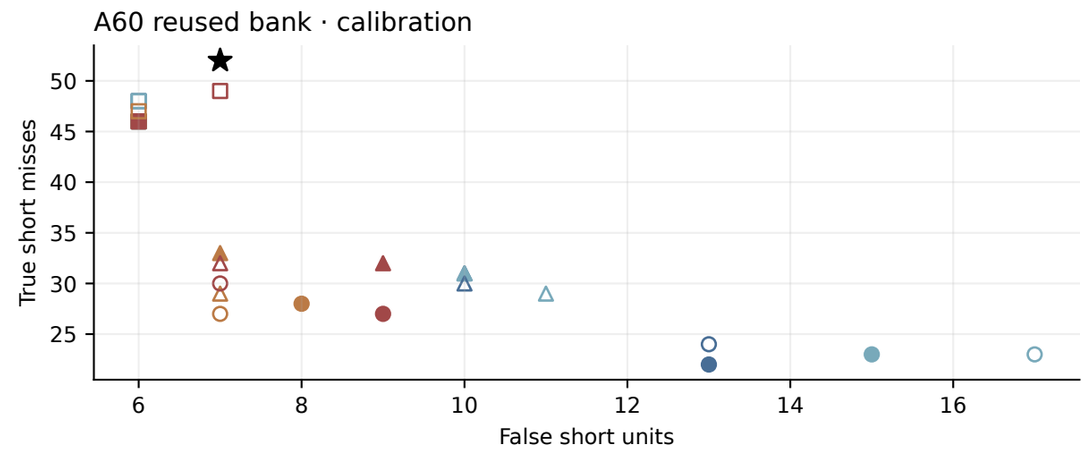


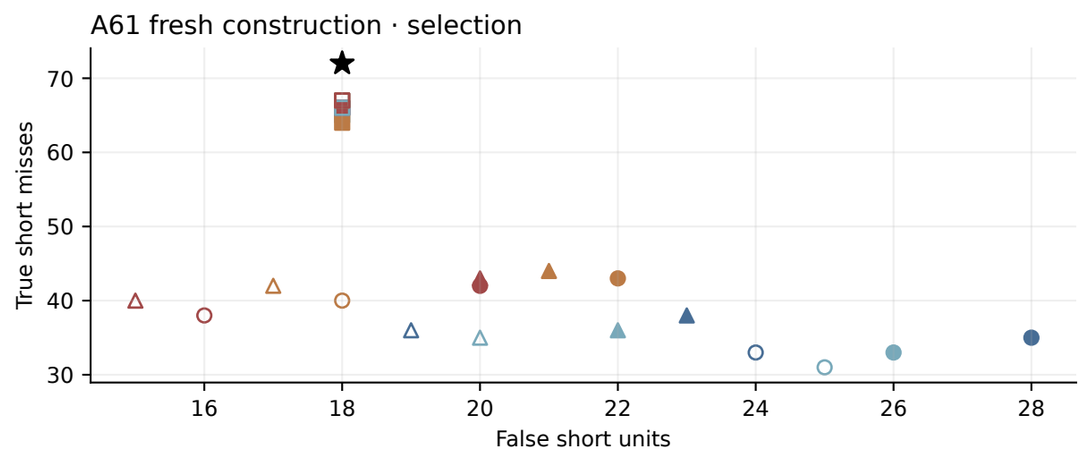


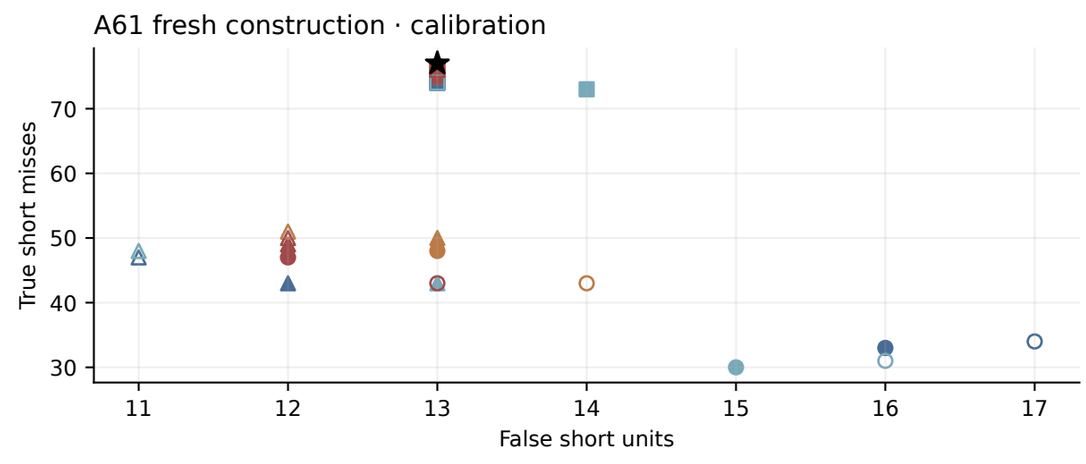












U-P U-L S-P S-L E N C

Black star=A08; filled/hollow=seed1/2. Lower left is better. All24 A61 policies appear; coincident no-op policies can overlap.

Short≤16, full class-aware IoU50 matching. New construction reuses OPEN recordings, not new patients or clinician-annotated transitions.
